

## Corona-Update by Polifibra Folien GmbH

Dear Customers, dear Partners,

Due to the still spreading Corona pandemic (SARS-CoV-2) we are currently faced with exceptional circumstances which we have to overcome across all areas of society. Here at Polifibra Folien GmbH we have taken extensive precautionary measures for all our production sites as well as our commercial operations in order to protect our staff as best we can but, at the same time, be able to continue to provide our range of services and process any and all incoming orders as usual. Therefore, and despite these difficult times, we are at your service.

In addition, we feel bound to honour in full all contractual agreements as negotiated prior to the Corona crisis without any *IFs* and *BUTs* and naturally expect the same from our Partners, Customers and Suppliers. Let's face it: During this crisis we are all in the same boat. If company or individual, we all have been affected by the Corona crisis in one way or another and only if we stick together will we be able to deal with this extraordinary situation. Debts or burdens should therefore not be shouldered by one alone but should be fairly distributed along the entire supply chain. In doing so, existing business structures may mostly survive and, with the crisis hopefully ending soon, be developed again.

Be assured, Polifibra Folien GmbH will continue to do what is necessary in this time of crisis to meet the current challenges may they be of an in-house, a commercial or a social nature. Wishing you and your members of staff much success, resilience and all the best during these difficult times. Let us conquer this difficult situation together but first and foremost: Keep well!

Yours, Andreas Spahn

Managing Director Polifibra Folien GmbH
